

Does God have a plan for your life? Has He equipped you for the journey?

**YES!**

*Career Direct® can help you find your God-given design.*

### **Career guidance**

With more than 30,000 kinds of jobs to choose from, it's no wonder people make mistakes, like accepting the first offer that comes along, or saying "yes" just because of the salary, or trying to live out their parents' unfulfilled dreams. At Family Life Training t/a Crown Financial Ministries, we don't believe God wants you to be bored or frustrated at work. After all, He's given you a unique combination of work-related gifts and talents. The secret is to figure out what they are and how to use them in making career and education decisions.

### **What makes *Career Direct®* unique?**

- *Career Direct®* is one of the few assessment tools that approaches the field of career guidance from a *biblical* perspective.
- Most career assessments examine just one or two areas. *Career Direct®* examines *four* essential components of career selection: personality, interests, skills, and values. As a result, *Career Direct®* is one of the most *comprehensive* guidance systems on the market today.

*Career Direct®* was developed over a 10-year period and has been rigorously tested and validated, using standard psychometric principles of testing and measurement. Over 120,000 adults and students have benefited from taking the *Career Direct® Complete Guidance System*.

**If you would like to be trained as a *Career Direct®* Consultant and help others to find their God-given design, we would like to invite you to attend this training session.**
